Dear Mr. Ross Gnesin

I would like to thank the Eddy Lane Foundation for honoring me with the "Potential Achievement as a Kitchen Manager Award" at the Department of Hospitality Management BTech Celebration at the New York College of Technology on 12/15/2008. It was especially an honor to have the award presented by Mr. George Hannau representative of Partridge Invitation Scholarship Foundation.

My career goal in culinary arts is to work as an entrepreneur and open my own catering company. I will use this award to begin building my resources for my future business. Thank you so much for this opportunity and supporting my dream one day to own my own business and sell my culinary creations.

Sincerely,

Zlatko Gueorguiev
